PRP MASTER - Aug 15 Draft.docx

Hi Jamie - apologies for the slight delay in getting the PRP over to you.

Attached is the version I've just shared with Mike. The comment boxes are mostly internal (i.e. flags to Mike - these should be removed before sharing broadly - mostly because they won't make sense to anyone else.

Cheers,

Carla

Could you take a quick look and let me know if this matches your notes. I will forward more broadly, including to the contract, if we all are okay with it.

-j

Next steps/milestones discussed on today's secretariat call:

~August 12, 2016 – EC to send new version of PRP with many track changes “accepted” and a few comments to U.S.

EC sharing draft with Mike Goffin and Minister’s office

EPA circulating draft for final internal review

EPA sharing document with Contractor to allow them to begin “mock-up” of document

~August 25, 2016 – EPA and EC share the documents that came out of the domestic review process.

~September 2, 2016 – Final reconciled document.

EC and EPA to share document with Co-chairs

EPA to share with Contractor

~September 8, 2016 - Contractor to provide work-to-date for initial feedback from EPA/EC

~September 12, 2016 – Original goal for posting on binational.net

Subject: RE: PRP & Next Steps

Hi everyone,

I've been remiss in not sending you a quick note to tell you that most edits put forward by Chris (and Cam, via Chris) are perfectly fine and have been fully incorporated into our current version. Ash can speak to the details.

As an FYI, we are almost finished incorporating input received through our internal vetting process as well and hope to have another CDN draft version (which includes your edits) that we can send back to Mike and then up for formal approvals by tomorrow, or Monday.

There are a few items we should talk about later this morning:

- o Comment DC13 on pg 5 of your draft
- o Inserting some text under Article 2 re. the Engagement principle and a possible summary text box of all GLWQA engagement activities cited in the PRP
- o CSMI text in A10
- o Update to the SOGL timeline image
- o Seeking rights to use images

Thanks,

Carla

Subject: PRP & Next Steps

Hi Ash and Carla,

Chris has reviewed Mike's mark-up of the PRP and has generally accepted his revisions, except where noted, and incorporated text provided by Cam. Upon your review, our next step for the PRP is to individually send the Annex chapters to the US co-leads and have them look at both Mike's mark-up and Chris' mark-up.

Please have a look and let us know if there are any questions.
